

Index

BUMC Proceedings, volume 18 January–October 2005

SUBJECT LISTING

Anesthesiology and pain management

Recognition and management of the difficult airway with special emphasis on the intubating LMA-Fastrach/whistle technique: a brief review with case reports. [Rich JM] 2005;18:220–227.

Biology

Evolution of sexuality: biology and behavior. [Dimijian GG] 2005;18:244–258.

Bioterrorism

Anthrax: a continuing concern in the era of bioterrorism. [Riedel S] 2005;18:234–243.

Plague: from natural disease to bioterrorism. [Riedel S] 2005;18:116–124.

Smallpox and biological warfare: a disease revisited. [Riedel S] 2005;18:13–20.

Book reviews

Review of *A Change of Heart: How the People of Framingham, Massachusetts, Helped Unravel the Mysteries of Cardiovascular Disease*. [Warren B] 2005;18:425–426.

Review of *The Cultures of Caregiving: Conflict and Common Ground among Families, Health Professionals, and Policy Makers*. [Sigel D] 2005;18:96–97.

Review of *Ferri's Clinical Advisor: Instant Diagnosis and Treatment*, 2005 edition. [Winter FD Jr] 2005;18:424.

Review of *Medical Malpractice: A Physician's Sourcebook*. [Thornton RG] 2005;18:268.

Cardiology/cardi thoracic surgery

Abnormal electrocardiogram obtained after an automobile accident. [Glancy DL, Merwin DG, Reddy K, Cassidy M] 2005;18:405–406.

Anorexia, seizures, and ST-T abnormalities in a morbidly obese 21-year-old man with the Down syndrome. [Greer RW, Hatipoglu M, Glancy DL] 2005;18:179–180.

Bigeminal rhythm II. [Glancy DL, Kawji MM] 2005;18:273–274.

Computed tomographic coronary angiography: experience at Baylor University Medical Center/Baylor Jack and Jane Hamilton Heart and Vascular Hospital. [Schussler JM, Dockery WD, Moore TR, Johnson KB, Rosenthal RL, Stoler RC] 2005;18:228–233.

Critical left main coronary artery stenosis diagnosed by computed tomographic coronary angiography. [Schussler JM, Dockery WD, Johnson KB, Rosenthal RL, Stoler RC] 2005;18:407.

Facts and principles learned at the 32nd annual Williamsburg Conference on Heart Disease. [Roberts WC, Farooq H] 2005;18:141–157.

Pericardial heart disease: its morphologic features and its causes. [Roberts WC] 2005;18:38–55.

Robert Ogden Bonow, MD: a conversation with the editor on valvular heart disease and indications for operative intervention. [Bonow RO, Roberts WC] 2005;18:56–64.

Syncope in a 67-year-old man. [Glancy DL, Mikdadi GM] 2005;18:74–75.

The variability of platelet response to aspirin and clopidogrel: revisiting the CAPRIE, CURE, CREDO, and MATCH trials. [Myers RI] 2005;18:331–336.

Dermatology

A child with nonscarring alopecia. [Cather JC, Cather JC] 2005;18:269–272.

Oral erosions and cutaneous bullae. [Gleaves TR, Cather JC, Menter A] 2005;18:71–73.

Painful nodule with induration and spreading erythema. [Race E, Berthelot C, Cather JC] 2005;18:401–404.

Violaceous-rimmed ulcers. [Berthelot C, Cather JC] 2005;18:175–178.

Editorials and commentaries

Commentary to “New frontiers in radiosurgery for the brain and body.” [Cheek BS, Scruggs RP] 2005;18:319–320.

Commentary to “Sleep deprivation and physician performance: Why should I care?” [Emmett M] 2005;18:113.

Commentary to “Sleep deprivation and physician performance: Why should I care?” [Jones RC] 2005;18:112–113.

Facts and ideas from anywhere. [Roberts WC] 2005;18:87–95.

Facts and ideas from anywhere. [Roberts WC] 2005;18:188–195.

Facts and ideas from anywhere. [Roberts WC] 2005;18:285–294.

Facts and ideas from anywhere. [Roberts WC] 2005;18:417–423.

Move into health. [Rappa PJ] 2005;18:84–86.

An outsider's impression of the Williamsburg Conference. [Beggs A] 2005;18:157.

Tribute to James H. Martin, PhD. [Marcus PB] 2005;18:186–187.

Tributes to Dale Coln, MD, upon his retirement. [Dammert W, Jones RC, Roffino L, Thal E, Varughese A, Wasserman RL, Windsor T] 2005;18:412–414.

Tributes to Dale P. Jones. [Allison J, Dysert P] 2005;18:185.

Tributes to Maurice Adam, MD. [Alivizatos PA, Urschel HC Jr, Whitcomb R, Wood RE] 2005;18:415–416.

Ethics and professionalism

Charged to Medicare: How much is too much? [Haiman RG] 2005;18:410–411.

From Quinlan to Schiavo: medical, ethical, and legal issues in severe brain injury. [Fine RL] 2005;18:303–310.

Sleep deprivation and physician performance: Why should I care? [Howard SK] 2005;18:108–112.

Gastroenterology

Usefulness of endoscopic ultrasound in patients at high risk of cholelithiasis. [Dittrick G, Lamont JP, Kuhn JA, Mallat D] 2005;18:211–213.

Hand surgery

The troubles with pinkies. [Flatt AE] 2005;18:341–344.

Webbed fingers. [Flatt AE] 2005;18:26–37.

Hepatology

The prevalence of hepatitis C virus infection in Texas: implications for future health care. [Yalamanchili K, Saadeh S, Lepe R, Davis GL] 2005;18:3–6.

History

Edward Jenner and the history of smallpox and vaccination. [Riedel S] 2005;18:21–25.

Max Perutz, a Nobel Prize winner, and Alain Marengo-Rowe. [Williams P] 2005;18:138–140.

Osler's role in defining the third corpuscle, or "blood plates." [Cooper B] 2005;18:376–378.

Thomas Hodgkin: medical immortal and uncompromising idealist. [Stone MJ] 2005;18:368–375.

Infectious diseases

Anthrax: a continuing concern in the era of bioterrorism. [Riedel S] 2005;18:234–243.

Edward Jenner and the history of smallpox and vaccination. [Riedel S] 2005;18:21–25.

Plague: from natural disease to bioterrorism. [Riedel S] 2005;18:116–124.

The prevalence of hepatitis C virus infection in Texas: implications for future health care. [Yalamanchili K, Saadeh S, Lepe R, Davis GL] 2005;18:3–6.

Smallpox and biological warfare: a disease revisited. [Riedel S] 2005;18:13–20.

Interviews

David Westfall Bates, MD: a conversation with the editor on improving patient safety, quality of care, and outcomes by using information technology. [Bates DW, Roberts WC] 2005;18:158–164.

Elmer Russell Hayes, MD: a conversation with the editor. [Hayes ER, Roberts WC] 2005;18:165–172.

Robert Lee Fine, MD: a conversation with the editor. [Fine RL, Roberts WC] 2005;18:379–393.

Robert Ogden Bonow, MD: a conversation with the editor on valvular heart disease and indications for operative intervention. [Bonow RO, Roberts WC] 2005;18:56–64.

Robert Steven Galvin, MD: a conversation with the editor on health care systems in a post-managed care world. [Galvin RS, Roberts WC] 2005;18:259–265.

Medicolegal issues

Not-so-obvious considerations for professional liability insurance. [Thornton RG] 2005;18:408–409.

Practice pitfalls. [Thornton RG] 2005;18:81–83.

Neurology/neurosurgery

From Quinlan to Schiavo: medical, ethical, and legal issues in severe brain injury. [Fine RL] 2005;18:303–310.

New frontiers in radiosurgery for the brain and body. [Giller CA, Berger BD] 2005;18:311–319.

Oncology

Cancer registry statistics for cancer patients treated at Baylor University Medical Center. [Scruggs RP III, Reynolds J, Garrett CJ] 2005;18:65–67.

Renal cell carcinoma: diagnosis and treatment, 1994–2003. [Hutson TE] 2005;18:337–340.

Survival analysis following sentinel lymph node biopsy: a validation trial demonstrating its accuracy in staging early breast cancer. [Carlo JT,

Grant MD, Knox SM, Jones RC, Hamilton CS, Livingston SA, Kuhn JA] 2005;18:103–107.

Use of PET/CT scanning in cancer patients: technical and practical considerations. [Griffeth LK] 2005;18:321–330.

Pathology

Diagnostic molecular pathology, part 2: Proteomics and clinical applications of molecular diagnostics in hematopathology. [Netto GJ, Saad R] 2005;18:7–12.

Discovery, development, and current applications of DNA identity testing. [Saad R] 2005;18:130–133.

Genetic counseling: DNA testing for the patient. [Heller K] 2005;18:134–137.

Improving health care and laboratory medicine: the past, present, and future of molecular diagnostics. [Green DM] 2005;18:125–129.

Max Perutz, a Nobel Prize winner, and Alain Marengo-Rowe. [Williams P] 2005;18:138–140.

Pericardial heart disease: its morphologic features and its causes. [Roberts WC] 2005;18:38–55.

Pediatrics

The challenge of preventing neonatal bilirubin encephalopathy: a new nursing protocol in the well newborn nursery. [Cabra MA, Whitfield JM] 2005;18:217–219.

Decreasing antibiotic overuse in neonatal intensive care units: quality improvement research. [Arnold C] 2005;18:280–284.

Pharmacology

Cinacalcet hydrochloride (Sensipar). [Poon G] 2005;18:181–184.

Rasburicase (Elitek): a novel agent for tumor lysis syndrome. [Ueng S] 2005;18:275–279.

Ximelagatran (Exanta): alternative to warfarin? [Vaughan C] 2005;18:76–80.

Physical medicine and rehabilitation

Move into health. [Rappa PJ] 2005;18:84–86.

Quality improvement

David Westfall Bates, MD: a conversation with the editor on improving patient safety, quality of care, and outcomes by using information technology. [Bates DW, Roberts WC] 2005;18:158–164.

Decreasing antibiotic overuse in neonatal intensive care units: quality improvement research. [Arnold C] 2005;18:280–284.

Development and implementation of a pharmacist-managed inpatient warfarin protocol. [Damaske DL, Baird RW] 2005;18:397–400.

Robert Steven Galvin, MD: a conversation with the editor on health care systems in a post-managed care world. [Galvin RS, Roberts WC] 2005;18:259–265.

Radiology/radiation therapy

Abdominal aortic aneurysm (AAA): cost-effectiveness of screening, surveillance of intermediate-sized AAA, and management of symptomatic AAA. [Silverstein MD, Pitts SR, Chaikof EL, Ballard DJ] 2005;18:345–367.

Computed tomographic coronary angiography: experience at Baylor University Medical Center/Baylor Jack and Jane Hamilton Heart and Vascular Hospital. [Schussler JM, Dockery WD, Moore TR, Johnson KB, Rosenthal RL, Stoler RC] 2005;18:228–233.

New frontiers in radiosurgery for the brain and body. [Giller CA, Berger BD] 2005;18:311–319.

Use of PET/CT scanning in cancer patients: technical and practical considerations. [Griffeth LK] 2005;18:321–330.

Surgery

Survival analysis following sentinel lymph node biopsy: a validation trial demonstrating its accuracy in staging early breast cancer. [Carlo JT, Grant MD, Knox SM, Jones RC, Hamilton CS, Livingston SA, Kuhn JA] 2005;18:103–107.

The troubles with pinkies. [Flatt AE] 2005;18:341–344.

Usefulness of endoscopic ultrasound in patients at high risk of choledocholithiasis. [Dittrick G, Lamont JP, Kuhn JA, Mallat D] 2005;18:211–213.

Validation study of intraoperative fine-needle aspiration of parathyroid tissue with measurement of parathyroid hormone levels using the rapid intraoperative assay. [Lamont JP, McCarty TM, Kuhn JA] 2005;18:214–216.

Webbed fingers. [Flatt AE] 2005;18:26–37.

Vascular surgery

Abdominal aortic aneurysm (AAA): cost-effectiveness of screening, surveillance of intermediate-sized AAA, and management of symptomatic AAA. [Silverstein MD, Pitts SR, Chaikof EL, Ballard DJ] 2005;18:345–367.

AUTHOR LISTING

Alivizatos PA: Tributes to Maurice Adam, MD. 2005;18:415–416.

Allison J: Tributes to Dale P. Jones. 2005;18:185.

Arnold C: Decreasing antibiotic overuse in neonatal intensive care units: quality improvement research. 2005;18:280–284.

Baird RW: Development and implementation of a pharmacist-managed inpatient warfarin protocol. 2005;18:397–400.

Ballard DJ: Abdominal aortic aneurysm (AAA): cost-effectiveness of screening, surveillance of intermediate-sized AAA, and management of symptomatic AAA. 2005;18:345–367.

Bates DW: David Westfall Bates, MD: a conversation with the editor on improving patient safety, quality of care, and outcomes by using information technology. 2005;18:158–164.

Beggs A: An outsider's impression of the Williamsburg Conference. 2005;18:157.

Berger BD: New frontiers in radiosurgery for the brain and body. 2005;18:311–319.

Berthelot C: Painful nodule with induration and spreading erythema. 2005;18:401–404.

Violaceous-rimmed ulcers. 2005;18:175–178.

Bonow RO: Robert Ogden Bonow, MD: a conversation with the editor on valvular heart disease and indications for operative intervention. 2005;18:56–64.

Cabra MA: The challenge of preventing neonatal bilirubin encephalopathy: a new nursing protocol in the well newborn nursery. 2005;18:217–219.

Carlo JT: Survival analysis following sentinel lymph node biopsy: a validation trial demonstrating its accuracy in staging early breast cancer. 2005;18:103–107.

Cassidy M: Abnormal electrocardiogram obtained after an automobile accident. 2005;18:405–406.

Cather J[ennifer]C: A child with nonscarring alopecia. 2005;18:269–272.

Oral erosions and cutaneous bullae. 2005;18:71–73.

Painful nodule with induration and spreading erythema. 2005;18:401–404.

Violaceous-rimmed ulcers. 2005;18:175–178.

Cather JC[hristian]: A child with nonscarring alopecia. 2005;18:269–272.

Chaikof EL: Abdominal aortic aneurysm (AAA): cost-effectiveness of screening, surveillance of intermediate-sized AAA, and management of symptomatic AAA. 2005;18:345–367.

Cheek BS: Commentary to “New frontiers in radiosurgery for the brain and body.” 2005;18:319–320.

Cooper B: Osler's role in defining the third corpuscle, or “blood plates.” 2005;18:376–378.

Damaske DL: Development and implementation of a pharmacist-managed inpatient warfarin protocol. 2005;18:397–400.

Dammert W: Tributes to Dale Coln, MD, upon his retirement. 2005;18:412–414.

Davis GL: The prevalence of hepatitis C virus infection in Texas: implications for future health care. 2005;18:3–6.

Dimijian GG: Evolution of sexuality: biology and behavior. 2005;18:244–258.

Dittrick G: Usefulness of endoscopic ultrasound in patients at high risk of choledocholithiasis. 2005;18:211–213.

Dockery WD: Computed tomographic coronary angiography: experience at Baylor University Medical Center/Baylor Jack and Jane Hamilton Heart and Vascular Hospital. 2005;18:228–233.

Critical left main coronary artery stenosis diagnosed by computed tomographic coronary angiography. 2005;18:407.

Dysert P: Tributes to Dale P. Jones. 2005;18:185.

Emmett M: Commentary to “Sleep deprivation and physician performance: Why should I care?” 2005;18:113.

Farooq H: Facts and principles learned at the 32nd annual Williamsburg Conference on Heart Disease. 2005;18:141–157.

Fine RL: From Quinlan to Schiavo: medical, ethical, and legal issues in severe brain injury. 2005;18:303–310.

Robert Lee Fine, MD: a conversation with the editor. 2005;18:379–393.

Flatt AE: The troubles with pinkies. 2005;18:341–344.

Webbed fingers. 2005;18:26–37.

Galvin RS: Robert Steven Galvin, MD: a conversation with the editor on health care systems in a post-managed care world. 2005;18:259–265.

Garrett CJ: Cancer registry statistics for cancer patients treated at Baylor University Medical Center. 2005;18:65–67.

Giller CA: New frontiers in radiosurgery for the brain and body. 2005;18:311–319.

Glancy DL: Abnormal electrocardiogram obtained after an automobile accident. 2005;18:405–406.

Anorexia, seizures, and ST-T abnormalities in a morbidly obese 21-year-old man with the Down syndrome. 2005;18:179–180.

Bigeminal rhythm II. 2005;18:273–274.

Syncope in a 67-year-old man. 2005;18:74–75.

Gleaves TR: Oral erosions and cutaneous bullae. 2005;18:71–73.

Grant MD: Survival analysis following sentinel lymph node biopsy: a validation trial demonstrating its accuracy in staging early breast cancer. 2005;18:103–107.

Green DM: Improving health care and laboratory medicine: the past, present, and future of molecular diagnostics. 2005;18:125–129.

Greer RW: Anorexia, seizures, and ST-T abnormalities in a morbidly obese 21-year-old man with the Down syndrome. 2005;18:179–180.

Griffeth LK: Use of PET/CT scanning in cancer patients: technical and practical considerations. 2005;18:321–330.

Haiman RG: Charged to Medicare: How much is too much? 2005;18:410–411.

Hamilton CS: Survival analysis following sentinel lymph node biopsy: a validation trial demonstrating its accuracy in staging early breast cancer. 2005;18:103–107.

- Hatipoglu M:** Anorexia, seizures, and ST-T abnormalities in a morbidly obese 21-year-old man with the Down syndrome. 2005;18:179–180.
- Hayes ER:** Elmer Russell Hayes, MD: a conversation with the editor. 2005;18:165–172.
- Heller K:** Genetic counseling: DNA testing for the patient. 2005;18:134–137.
- Howard SK:** Sleep deprivation and physician performance: Why should I care? 2005;18:108–112.
- Hutson TE:** Renal cell carcinoma: diagnosis and treatment, 1994–2003. 2005;18:337–340.
- Johnson KB:** Computed tomographic coronary angiography: experience at Baylor University Medical Center/Baylor Jack and Jane Hamilton Heart and Vascular Hospital. 2005;18:228–233.
Critical left main coronary artery stenosis diagnosed by computed tomographic coronary angiography. 2005;18:407.
- Jones RC:** Commentary to “Sleep deprivation and physician performance: Why should I care?” 2005;18:112–113.
Survival analysis following sentinel lymph node biopsy: a validation trial demonstrating its accuracy in staging early breast cancer. 2005;18:103–107.
Tributes to Dale Coln, MD, upon his retirement. 2005;18:412–414.
- Kawji MM:** Bigeminal rhythm II. 2005;18:273–274.
- Knox SM:** Survival analysis following sentinel lymph node biopsy: a validation trial demonstrating its accuracy in staging early breast cancer. 2005;18:103–107.
- Kuhn JA:** Survival analysis following sentinel lymph node biopsy: a validation trial demonstrating its accuracy in staging early breast cancer. 2005;18:103–107.
Usefulness of endoscopic ultrasound in patients at high risk of choledocholithiasis. 2005;18:211–213.
Validation study of intraoperative fine-needle aspiration of parathyroid tissue with measurement of parathyroid hormone levels using the rapid intraoperative assay. 2005;18:214–216.
- Lamont JP:** Usefulness of endoscopic ultrasound in patients at high risk of choledocholithiasis. 2005;18:211–213.
Validation study of intraoperative fine-needle aspiration of parathyroid tissue with measurement of parathyroid hormone levels using the rapid intraoperative assay. 2005;18:214–216.
- Lepe R:** The prevalence of hepatitis C virus infection in Texas: implications for future health care. 2005;18:3–6.
